Growth Mindsets

Growth Mindsets

Every child deserves at least one year's progress over one year's time

An effect size of 0.40 represents one year's growth over the course of one school year. Schools that use effect sizes to measure student progress can maximise their impact on student outcomes.

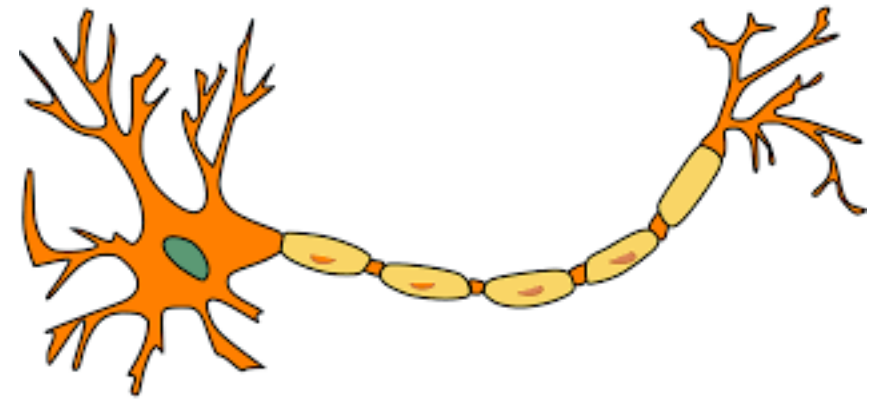

WHETHER YOU
THINK
YOU CAN
OR YOU THINK
YOU CAN'T,
YOU'RE
RIGHT.

Class Contract / Promises

Class Contract / Promises

Effective Learner - Ideas

All Classes

- Using the ideas of the week...
- What promises could the children make to each other and the teacher?
- What promises could you make to the children?

- Do the children sign up to the promises?
- Do they create little pictures that they glue around the promises?
